

# MEET THE PRODUCER

FEBRUARY 28 FROM NOON TO 4PM

Community Building 35 W. Main Spokane, Washington

A plan for  
bringing food from local  
farms to your plate

# COMMUNITY SUPPORTED AGRICULTURE OPEN HOUSE

What is community  
supported agriculture?

A way to purchase healthy and affordable locally grown foods. An opportunity to build relationships in your community. A means to keep your dollars in the local economy and to support agriculture in our region.

This event provides the opportunity for you to learn about CSA and meet area producers offering CSA options for the 2009 season.
